

Nook HD

INTRODUCTION: The Nook HD no longer requires use of the Adobe Digital Editions platform when accessing library eBooks from Axis 360. You simply need the AxisReader app.

CHECKING OUT EBOOKS WITH THE AXISREADER APP

1. Open the Google Play store on your Nook.
2. Search for "AxisReader."
3. When the AxisReader icon appears, click INSTALL then ACCEPT & DOWNLOAD. Once the app has downloaded, it will appear on your wall.
4. The first time you open AxisReader, you will be prompted for an Adobe ID to authorize your device. If you don't have one, you can create one from within the app and then sign in.
5. Once you are authorized, you can open "Find a Library" at the bottom of the page.
6. Search for "Brunswick." Our library will appear and when you open it, you will see a display of titles.
7. Choose a title you wish to download.
8. When you have made your selection, select the "ePub" format.
9. Press "Checkout now."
10. You will now be prompted to enter your library card ID and PIN. Your ID is the barcode on the back of your library card. Your PIN is the last four digits of your phone number (unless you have changed it on the library website). If you have any trouble logging in, call your library!
11. When the checkout is confirmed, you can press "Download."
12. When the download is complete, you can press "Read now" and the book will open! If you select "Read later," the book will be available to you later from within the AxisReader app.

eBooks are checked out for two weeks and will automatically be returned when the checkout period expires. You may take two eBooks out at a given time.

RETURN BOOKS EARLY IN AXISREADER APP:

1. Go to List View in My Bookshelf (button in upper left corner).

2. Press the arrow to the right of the title you wish to return.

3. At the bottom of this page, there is a button labeled "Return." Press it and the book will be returned. (The server may take up to an hour to update to reflect this.)
